

COMPASSIONATE POMONA

“Giving Month”

December 2020

**GIVING FOR
THE MONTH OF DECEMBER**

Our lives have been rearranged by the worldwide pandemic. During the month of December 2020, as we focus our thoughts on giving to others by supporting non-profits, churches, and other local services through financial offerings, volunteering, and educating ourselves on how to build a stronger community. COVID has taught us to rely more on social media to connect. By using the internet we can easily select local organizations to support and can make online donations that will help our neighbors who are suffering from direct and indirect impacts of COVID. Giving and generosity to those in most need promotes feelings of compassion, community, trust, and cooperation, which strengthens our ties to those around us. Compassionate Pomona encourages all Pomonans to embrace “Giving” through intention and action and to use “#valuesPomona” to share this movement on social media, thus integrating “Giving” into this holiday season. We want to hear from you and share with Pomona about programs you support that are serving our community.

Contact Person _____
